**Subject:** SCA task 2340

Sheila,

Please send this Email to file.

Task 2340 involved bonding calculations for rip rap and crusher demolition. I wrote a memo for Task 2340 and had deficiencies. In Task 2389 had to do with bond renewal. All the bonding information associated with Task 2340 was addressed in Task 2389.

Please close out task 2340.

Let me know if you have any questions.

Wayne
